Legislative Clinic To Be Held Friday

Proposed legislation from Palm Beach County will be reviewed March 4 at a legislative clinic to be held by the county's legislative delegation.

The clinic, a day-long conference between the delegation and sponsors of individual bills, will be held at the court house and get under way at 9:30 a. m.

The delegation, including State Sen. Russell O. Morris and Reps. Emmett Roberts and P. O. Dickinson, completed plans for the clinic Monday when they met with the county commission.

Sen. Morris said that in the event all proposed legislation could not be reviewed on the day set aside for the clinic, an additional session would be scheduled.

Morrow also asked that provision be made for the clinic.

Senator Group On Flying Visit To Flood Works

Florida's two Senators, Holland and Smathers and Congressman Paul Rogers, will act as hosts to a small but powerful group who are at the Subcommittee on Public Works in the Senate Appropriation Committee Friday afternoon and Saturday.

Following a flying trip of inspection over the South Florida flood control area, the group will end up in Miami for Friday night, and will leave by car Saturday morning to inspect installation in Dade and Broward counties.

Before making a luncheon at Clewiston at 12:30, inspection will be made of cattle operations on the south side of the river.

On the trip from Clewiston to West Palm Beach, after lunch, Rogers' radio will be inspected, and the "Spearhead" Holland will be inspected by Smith & Reynolds in the Hillsboro will be visited.

FPCA Holds Annual Meeting In Miami

At its annual meeting held in the Garden Restaurant in Miami on the 10th, the Farmers Production Credit Association of Miami, through its Secretary Charles Long, welcomed the largest membership to attend one of these meetings in recent years.

Of particular interest to the members is the fact that the Cooperative is now wholly owned by its members with no government money in its capital structure.

The corporation, with assets of \$2,688,797 has 42,000 members with 214 class B, or active, and a net worth of \$611,884.

Current loans amounted to \$2,356,151 with a grand total of 3,387 loans made during the 21 years amounting to \$2,454,628, not including renewals. There is \$207,015 in stock owned by the members, and accumulated (Continued on Page Four)

NATIONAL GUARD NEWS

In an effort to build strength in the local unit of the Florida National Guard, members of Company E have devised a new system. The members have divided into three teams representing the three towns of Belle Glade, Pahokee, and Clewiston from which the unit draws its strength. Each team attempts to bring in as many new recruits each week as it possibly can. Which-ever team brings in the most men each week is simply rewarded.

The whole unit is provided with coffee and doughnuts each week for the drill, and the two losing teams have to foot the bill. It is hoped that this new system will help to build the unit and that the members will be able to understand the game that he is making when he tries to bring in new recruits. If he is just trying to let you in on one of the best deals a young man can have.

However, unless you are interested in furthering your education, serving your country while at home, making ap-

Value Of Glades Soil Is Told At Jaycees Meeting

Lamar Allen, assistant manager of Palm Beach County Resources and Development Board told the Jaycees at their regular meeting last Thursday night that, "other areas of the county are beginning to awaken to the value of the soil in Palm Beach County lies in her soil, especially the Glades soil."

He pointed out that for years the mucklands of the Glades have been called "black gold" but the meaning of the term is just beginning to be known to the people. As a basis for this fact he stated that growth in agricultural products last year in the county was \$88 million dollars, while the county's total production of products, totaling \$425 million.

Counting the rapid growth of manufacturing or semi-manufacturing in the county Allen told the group that there were over 650 plants in the county and that in spendable income throughout the nation Palm Beach County ranks 35th.

Quoting an authority on the future he explained that in the foreseeable future it is possible that the fibre industry per year in Palm Beach County will be greater than the entire output of citrus in the state. He also told of a plan to produce a new making paper out of saw grass and the possibilities of a jute mill which would produce \$5 million dollars to build with an estimated payroll of \$2 to \$2½ million dollars per year.

A report was made on the attendance of the Jaycees meeting, West Palm Beach on the oil refinery question. Vernon Dexter, supervisor of the local ground coverer corp. Made a report to the members to assist in obtaining sufficient crews for 24 hour alerts in the Belle Glade area.

The rumor has it that if the National Guard brings in nine men next week, Lt. McCormick and his junior officers will pay for all the coffee and doughnuts. How about it, boys!

Teachers Will Battle Students

Follow the crowd Tuesday night and you will find yourself in the local gym to witness the 4th annual Faculty vs. Varsity basketball game.

The Belle Glade Rams will be putting their best record in years on the line against the undefeated Faculty Five (undefeated at the moment, as this is their first game). The record over the past seasons stands at two victories for the Faculty and one for the Golden Rams.

Fans who appreciate the finer points of basketball will be delighted to witness the uncanny shooting accuracy of Princeton "Frank" Deed "Eye" Hobson, stationary forward of the Faculty Five, along with the slashing, driving tactics of such stars as "Bullet" Abbott, "Hot Shot" Godwin, "Bony" Peacock, "Midge" Morris, "Gon" Yates, "Body Beautiful" Littel, "Lovelette" Littel, "Gervie" McCarty, and, last but not least, "Mississippi Mud Cat" Morris, Principal of South Bay with his sub "Slick" Sauer.

If the Rams register an upset in this game, the Faculty Five will have an excuse to stand firm forward "Gon" Sauer is it.

For those of you who are just coming along for the ride is entertainment galore. You will be thrilled and excited by the unpredictable shenanigans of the feminine members of the Faculty. Among these are the heroes to victory. This quarter's mucklands of the Glades "Sweet Sue" Rogers, Miss "Saucy" Slater, and Miss "Zip" Sauer.

The entire Belle Glade faculty will take part in the activities. Candy and soft drinks will be sold, and a fine halftime show is scheduled.

The trip through the Glades was arranged by Mr. Spencer Beaudoin, who is a brother-in-law to Pete LaChance and Joe Murphy. Mr. Beaudoin is an official of the Greyhound Bus Organization and promoted the trip last year through Miami.

With Wednesday lacking somewhat in quality credit among the 222 sales, the week's total was \$47,000. The announced of good quality generated with bidding which induced a higher payoff.

The slaughterhouse took 81% of the number and paid 87% of the total for total of \$67,457.00.

2,100,000 GALLONS PER MINUTE—will be gushing from the discharge end of these six pumps when operated to capacity. The openings shown here are approximately 12 feet in diameter. The six Fairbanks Morse pumps will take the flood waters (that's the only time the pumps can be operated at capacity) from the West Palm Beach Canal and dump them into conservation Area No. 1. In one hour these pumps are able to take one inch of water from 24,000 acres and are designed to take care of flood waters from the area, generally, Canal Point, Pahokee and Belle Glade. Coupled with other works of the Overall Plan, these pumps will mean relief from floods such as have been experienced heretofore. Flood contains rich soil and water conservation, fish and wild life conservation and water for human consumption on the densely populated southeast coast of Florida will be served by this installation.

Western Farmers To Visit Station 5-A And Pioneer Plant

A group of 175 to 180 farmers and their wives from the states of Nebraska, Iowa and Missouri will stop at the "Twenty-Mile Bend" pumping station Friday morning at eleven o'clock for a 30-minute look-see, on their planned tour.

Postmaster Farnall Discusses Postal Services At Rotary

"Such patriots as George Washington, Benjamin Franklin, and Alexander Hamilton were persistent in securing an adequate postal service for our country," Postmaster Farnall told Rotarians Friday.

Mr. Farnall, who has been postmaster here for many years, recounted the progress of the United States Postal Service from its inception in the early history of our country up through the present. He reminded us of the great hardships which were endured in the early days of our postal service, and pointed out the modern efficient methods of our present day service.

According to Mr. Farnall, our present day mail service encompasses the services of over 300,000 employees with an overall expenditure of 225 millions in flower arrangements.

The biggest business in the world handles over 175,000,000 pieces of mail every day. Of the twenty-three billion stamps sold every year, over fifteen millions alone go into collection of stamps and the balance of eight billion go into the collection of postage.

He stated that due to the efficient manner in which the postal service is now being handled the yearly deficit which was over \$60 million in 1945 has been reduced to around 300 millions at present. All this has been in spite of operating with rates that were designed for a pre-world-war-two period. In connection with this, Mr. Farnall proffered an opinion that rates would be raised in the near future to help alleviate this situation.

Funeral services were held in Hillcrest Memorial Park in West Palm Beach, Wednesday.

Funeral home was in charge of arrangements.

C of C Membership Report Excellent

A membership report was given by Secretary Edwin Young who stated that excellent response had been given to renewing membership in the Chamber for 1955 with the benefit of a formal membership drive. She stated that in less than two weeks 40 percent of total funds in 1954 had been collected through billing alone.

14 new members had been added to the roster and also included in the report.

Your Family?

The Ground Observers Corps is you and mel and every other citizen able and willing to help in our country's defense.

There will be an alert on Tuesday, the 22nd from 6 p. m. to 9 p. m. as a trial run. The local unit was reorganized last night and the observers divided into three shifts, but there is still room for more — and they will be needed.

You may be praying that we do not have war with the communist, you should be — but let's give the players a bit more substance by being prepared where it hurts least — in the GROUND OBSERVERS CORPS.

Every family should be represented on Vernon Dexter's roster.

Chalo Nika Opens Saturday With Full Day Of Festivity

Moore Haven (Special) The seventh annual Chalo Nika (Bass Day) festival will be held here Saturday and everyone is cordially invited to attend and to join in the fun.

The festival will get underway promptly at noon when a parade starts moving from the courthouse to circle through the town, composed of homemade floats, high school bands from Belle Glade, Lake Placid and Okechobee as well as the local band, Seminole Indians in tribal regalia and cowboys astride their ponies. The parade will end at the park where the queen of the festival will be crowned, chosen from a group of six high school girls and this will be followed by the crowning of the King of Bass, the fishman who has caught the largest bass from this county during the past twelve years.

A free fry for everyone will be held at one o'clock with catfish and hushpuppies and all the trimmings. Homemade desserts and drinks may be obtained at all the booths.

The turkey, gator and quail calling contests will be held following the fish fry and there will be a shooting exhibition by Mr. and Mrs. Ken Beagle of the Remington Arms Co., and an archery exhibition by Dr. S. A

FLORIDA CROPS GROW

HEALTHIER WHEN PROTECTED

BY A DITHANE FUNGICIDE

DITHANE Z-78

DITHANE D-14

DITHANE M-22

From beans to watermelons, from azaleas to snapdragons—the profitable crops you grow deserve the best in disease control—with a Dithane fungicide.

DITHANE Z-78 continues to be the all-around fungicide that protects many crops from many diseases. One of the Florida crops it keeps green and healthy is sweet corn. It is used to prevent infection from leaf blight and rust.

DITHANE D-14 is used for the preparation of inexpensive tank-mix zinc or maneb.

For more information on crop protection with Dithane fungicides, ask the Rohm & Haas field man near you.

Dithane is a trademark, Reg. U.S. Pat. Off. and in principal foreign countries.

Lent At St. John's
The Apostle Church

The last year we shall have to have our special Lenten devotion in the home of the members Father Petrie announced last Sunday to the congregation of St. John's.

The Apostle Episcopal Church which has been meeting in the Belle Glade Women's Club since 1953. He was referring to the building now being erected on the corner of the property NW 2nd St. and Ave. H.

Lent begins next Wednesday, February 23. There will be an evening service at 7:30 a. m. and a special Lenten service that night at 8:00 a. m. The service at 8 a. m. will be at 8 a. m. Ashes will be distributed at each service.

Holy Eucharist will be celebrated at Pahoek at 10 a. m. Wednesday.

The Lenten services in Belle Glade begin on Sunday, February 27. A Lenten bulletin now being prepared will be available to members and friends next week.

Father Petrie reminds his congregation that Ash Wednesday is day of Fast and Abstinence. No meat and a cutting down on the amount of food.

Those who cannot fast are expected to make some other sacrifice. And there is to be no boasting. Those who fast to no end of men will have no reward from Almighty God.

Christian Science
Church To Present
Lecturer Feb. 20

The spiritual understanding of the Lord's Prayer will be the topic of a Christian Science lecture by Earl E. Simms of Austin, Texas, announced for next Sunday afternoon by First Church of Christ, Scientist, of Belle Glade.

Now on a nationwide lecture tour, Mr. Simms is a member of The Christian Science Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He will speak locally in the New High School Auditorium, Belle Glade.

The lecturer's subject will be "Christian Science: Magnifying God in Prayer." The public is invited to attend without charge.

Before becoming a full-time practitioner of Christian Science, he was prominent in civic organizations. He served as President of the Austin Insurance Exchange, Director of the Chamber of Commerce, President of the Kiwanis Club of Austin, Texas, and Lieutenant Governor of the Texas-Oklahoma Kiwanis District. He has been since 1946, and in his work has traveled throughout the United States and to points abroad.

Junior Department
Of First Baptist

The accounts of Jesus feeding them with five loaves of bread and two fishes was the topic of discussion Sunday morning in the Junior Department of Sunday School of the First Baptist Church. Sermons were Matthew 14:13-23, Mark 6:31-46, Luke 9:10-17, and John 6:1-15, each Gospel giving an account of this miracle.

This subject carried out the thought of the month which is "Learning About God from Jesus," and shows that God wants all people to have enough food, and that He feels sorry for hungry people.

Susan Clark was pianist, Jack McKaskill and Sharon Barr were Jr. song leaders. Bobbette Bessley and Gary Norman were leaders for the morning and placed colored hearts on each Junior and teacher which were

Churches of Christ,
Scientist

God's infinitely wise and intelligent government of the universe, including man, will be brought out at Christian Science services this Sunday.

Keynoting the Lesson-Service entitled "Mind" is the Golden Text from James 1:3: "If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read: "Whatever is governed by God, is never for an instant deprived of the light and truth of intelligence and life."

Scriptural selections will include the following from Proverbs 1:2-7: "Happy is the man that findeth wisdom, and the man that getteth understanding."

Presbyterian Women Attend District Meet

A group of women of the Everglades Presbyterian Church attended a meeting of district one of the Covenant Presbyterian Church in Ft. Lauderdale last Wednesday morning.

The theme of the program was "Personal Christian Faith." Mrs. J. Charles district chairman, presided.

Two missionaries for foreign fields gave interesting reports on their mission work. Mrs. Tom Watson, Jr., talked about her work in Japan, and Miss Joyce Smith, reported on mission work in Africa.

After the meeting was adjourned, a delicious luncheon was enjoyed.

Attending from Belle Glade were Mrs. Ed Browning, Mrs. Wayne Ellis, Mrs. J. E. Frazer, Mrs. John Randolph, Mrs. Ralph Pipes, Mrs. M. Carstharst and Mrs. Richard Murray.

Local Women Attend
District Meeting

The Annual District Conference meeting of the Women's Society of Christian Service of Methodist Churches was held Wednesday from 10 a. m. until 3 p. m. at the Lake Worth Cavalry Methodist Church.

Mrs. W. B. Landrum, field worker of the Women's Division of the Christian Service, spoke about her experience in Alaska.

Members attending from the local WSCS were Mrs. Robert Creech, Jr., president, Mrs. W. Kidder, Mrs. N. T. Taylor, Mrs. W. R. Hooker, Mrs. F. D. Stevens, and Mrs. H. Edward Garrett.

The grandest of all laws is the law of progressive development. Every step of progress is a step more spiritual.
